Sandy, We can get you an electronic copy of this document on Monday. It is in our internal Superfund Database Management System (SDMS), but it is not posted as a separate document on the Region 8 Libby Internet Website. The Remedial Investigation for OU5, which contains a narrative summary of the wood chip sampling, is on that website at

<http://www.epa.gov/region8/superfund/libby/docs/ous.html#tabs-5>

I'll follow-up with you next week.

Thanks,  
Steve
